

ENVIRONMENTAL POLICY

Through well-structured environmental work practices and continuous improvements, the environmental impacts from plants, products and services shall be minimised, as far as is technically possible and economically reasonable.

This will be achieved through:

- identifying and minimising the products' and operations' environmental risks
- minimising the use and emission of hazardous substances and materials
- minimising the emissions of greenhouse gases
- making more efficient use of energy and natural resources
- fulfilling applicable compliance obligations
- an attitude of openness in communicating our environmental work.
