

SAAB

Deployable Aircraft Maintenance facility

Enhanced capability Anywhere, anytime

Saab's Deployable Aircraft Maintenance facility (DAM) provides unique ability to maintain and protect your high-value assets. The solution enables mobile aircraft maintenance capacity combined with superior protection, providing capability equivalent to permanent facilities. This makes DAM suitable for both domestic and deployed operations.

A complete solution featuring:

- Enhanced maintenance capability
- Minimum maintenance requirements
- Proven lifesaving multispectral protection
- Superior durability

Content:

- First Line Maintenance Hangar
- Maintenance Containers
- Barracuda multispectral protection

Fighter jet

Helicopter
