84 MM HEAT 551

Armour destruction

Reliable and efficient in defeating 90 percent
of armoured vehicles at up to 700 m ranges

The HEAT 551 for the Carl-Gustaf® M4 is a reliable and efficient ammunition that defeats approximately 90 percent of all armoured vehicles at ranges up to 700 metres. It is also highly effective against secondary targets on the battlefield. The rocket assistance provides a flat trajectory and short flight time.
