### Saab at the Dubai Airshow 2019

Saab will be exhibiting at the Dubai Airshow, Dubai World Centre, United Arab Emirates from 17-21 November. Come to stand 1060 to learn more about how Saab is making people and society safer.

Saab is showcasing a range of systems that provide a tactical advantage by giving users more time to act through the rapid detection of threats, as well as solutions that support the air traffic management community in optimising air travel.

The display will include: GlobalEye, representing the full potential of an airborne early warning and control (AEW&C) system across land, sea and air; the Giraffe 1X compact high-performance lightweight 3D radar; and air traffic management using digital towers and the integrated controller system.

A press briefing open to all media will be held at the Saab stand (#1060).

*Monday 18th, 11:00-12:00 local time, Saab stand*

#### **GlobalEye: Performance beyond limits**

Only four years have passed since GlobalEye was chosen by the UAE at the Dubai Airshow 2015. Come along to hear about how GlobalEye is at the forefront of AEW&C and its journey since being selected.
