Saab publishes its 2021 Annual and Sustainability Report

Saab's annual and sustainability report for 2021 is as of today available on the Group's website at www.saab.com.

The annual and sustainability report for 2021, available both in Swedish and English, describes how Saab contributes to safe and resilient societies and creates value for all its stakeholders.

"A commitment to society has been at the core of Saab's business since its founding; supporting nations to keep people and society safe. I am proud that we are continuing to take steps on our sustainable growth journey, ensuring that we are profitable in the longer term and creating value for all our stakeholders and society as a whole", said Micael Johansson, President and CEO.

Sustainability is integrated in all parts of the report, highlighting Saab's greater task and includes our new sustainability strategy and commitment to setting new climate goals. The report also includes concrete examples on how we execute on our strategy, as well as remarks from the CFO on our outlook and long-term targets.

A printed annual and sustainability report will be distributed to shareholders who have requested it and can also be ordered from annual.report@saabgroup.com. The Swedish Annual Report is also available on the Group's website in European Single Electronic Format (ESEF). A short online version of the Annual Report can be found on <https://www.saab.com/investors/annual-and-sustainability-report-2021>
