Saab's Contract With Poland for Signals Intelligence Ships Enters Into Force

On November 25, 2022, Saab announced that a contract had been signed with the Polish Ministry of Defense's procurement authority Armament Agency for the design, production and support of two SIGINT ships for Poland. The agreement has now entered into force as all conditions have been met. As a result, Saab has today booked a value of approximately SEK 6.7 billion in order intake.

Saab will be the main supplier and will design and be responsible for the production of the two ships, as well as integrating advanced mission systems on board. The ships will be built by Polish subcontractor Remontowa Shipbuilding SA. Deliveries are planned for 2027.
