Saab Publishes its 2022 Annual and Sustainability Report

Saab's Annual and Sustainability Report for 2022 is as of today available on the Group's website www.saab.com.

The Annual and Sustainability Report 2022 is available in both Swedish and English, and describes Saab's strategy to drive long-term sustainable value for all its stakeholders in a new market landscape. A key focus throughout the report is Saab's contribution to safe and resilient societies and Saab's progress within its sustainability commitments.

"With the tragic war in Europe, the importance of Saab's purpose to keep people and society safe has never been more evident. Saab stands ready to support its customers as it takes the next step on its growth journey," said Micael Johansson, President and CEO.

The annual report also contains Saab's value creation model and cases from the business, highlighting how Saab's strategy is executed in practice.

A printed version of the report can be ordered by email to annual.report@saabgroup.com. The Swedish Annual Report is also available on the Group's website in European Single Electronic Format (ESEF). A short online version of the Annual Report can be found on <https://www.saab.com/annual-and-sustainability-report-2022>.
