CONFIRMATION

Saab Group is changing its structure of organisation within the following Business Areas from July 1, 2021:

- BA Saab Dynamics
- BA Saab Surveillance
- BA Saab Aeronautics
- BA Saab Support and Services
- BA Saab Industrial Products and Services

DNV has performed an audit of the new organisation structure June 16, 2021, with satisfying result.

All parts of the changed organisations are currently included in Saab global certificates for ISO 9001:2015 (121959-2012-AQ-SWE-SWEDAC), ISO 14001:2015 (121961-2012-AE-SWE-SWEDAC) and ISO 45001:2018 (279098-2018-AHSO-SWE-SWEDAC) and will be after the change, hence the certificates are technically still valid.

When DNV:s internal Technical Review process is finalized, the updated certificates due to the changed organisation will be issued, which due to summer holidays will be in August 2021.

Solna, July 2, 2021

Ann-Louise Pått
Management Representative
