

## GRIPEN MARITIME IN BRIEF

## THE SMART FIGHTER

Power, efficiency, flexibility: only one modern fighter holds them all in perfect balance. Fuelled by Saab's **thinking edge** at every stage of its development, Gripen is more than a fighter: it's a national asset that protects sovereign independence and empowers a nation towards a more secure future. That's why we call it: The Smart Fighter.

## **KEY DATA**

 Length overall
 15.2 m

 Width overall
 8.6 m

 Max thrust
 98 kN

 Max speed at sea level
 > 1400 km/h

 Max service altitude
 > 50.000 ft

 G-limits
 -3G/+9G

 Hardpoints
 10

## AIR POWER FROM THE SEA

Designed to fly from catapultequipped carriers, Gripen Maritime is a single-seat fighter with a footprint small enough to operate from any aircraft carrier in current (or future) global commission.

It has the same outstanding multi-role capabilities as Gripen E and maximum spares and weapons commonality with Gripen E and F. Which means it shares their exceptional lifetime system affordability, too.

At last it's possible to arm a carriercapable navy with one of the world's leading fighters – without the high sustainment and support costs

of its peers.

2 Radome

**3** Actively Electronically Scanned Array (AESA) radar

4 Infrared Search and Track (IRST)

5 Wide Area Display (WAD)

6 Head-Up Display (HUD)

7 Cockpit canopy

8 Ejection seat

9 Fuselage pylon

10 Retractable air-to-air refuelling probe

11 Nose landing gear

12 Air inle

13 Navigation light

**14** 27 mm gun

15 Canard

16 VHF antenna

17 Integrated fuel tank

**18** Fuselage pylons

19 Fuselage pylons

20 Fuselage pylons

21 Main landing gear

22 Under-wing pylons

23 Under-wing pylons

24 Leading edge flap

25 Structure

26 Wing-tip station

27 Outboard elevon

28 Inboard elevon

**29** APU

30 Air brake

31 Engine

32 Rudder

33 VHF/UHF antenna

**34** Fin pod

35 ILS antenna

**36** Fin pitot tube

37 Arrestor hook

38 Catapult bar
